VAT: 104 9562 75

AWRS: XYAW00000119022

All of the products listed are shown with NET price, as well as with an indicator of which VAT code needs to be added. SRP's include VAT if applicable. Given the artisanal nature of some suppliers, stocks may fluctuate, so please bear this in mind. For any further information, please contact our sales team who will be more than happy to help.

## ABOUT US

Born from a desire to supply our customers with the best of what East Anglia (and beyond) has to offer, our Fine Food & Drink range aims to connect suppliers, their products, and their stories with our customers.

McCarthy's have supplied Fruits and Vegetables for 148 years, celebrating the best of local, national, and international produce. Backed up with Dairy, Foodservice, and more, McCarthy's offer an enormous range delivered up to 6 days a week, with end-to-end chilled distribution.

There has always been a market for the best foods, and there always will be; we feel passionately that quality and service should always come first.

# WINE

ALL UK WINES AVAILABLE AS SINGLE BOTTLE PICKS

Burn Valley Vineyard was established in 2016 by the Robinson Family, third generation Norfolk Farmers. Our name is derived from the River Burn; a rare chalk stream that runs eight miles through our home of North Creak - then out to the North Norfolk coast at Holkham. This chalky, flinty landscape has been instrumental in helping our 12-acre vineyard to thrive. Our ethos to produce simply the highest quality fruit has led to Burn Valley winning awards for every vintage; both regionally and nationally. We work hard to ensure our wines capture the essence of Norfolk in a bottle.

The Chet Valley Vineyard Limited is the oldest producing vineyard in Norfolk, having planted their first vine in 2010. Chet Valley only use the traditional method of secondary fermentation in the bottle, giving the wines finesse, fruit, and complexity. Each bottle is hand-produced to ensure high quality throughout the process. Chet Valley is the only independently audited and certificated vineyard in the region in relation to sustainability, and are the winners of the 2023 BSNBizAwards in Excellence in Agriculture, Food and Drink.

**BENSTEAD ABBEY RESOURCES**  
CONSULTING

Founded in 2024 by brothers Christopher and Mathew, Benstead Abbey Resources was born from a shared passion for wine, craft drinks, and international trade. With over 20 years in the wine industry – including a decade making wine in New Zealand – Mathew now produces award-winning wines in the UK, bringing deep, hands-on knowledge of winemaking and production. Christopher leads our consultancy operations, building strong relationships with independent wine and spirits producers across the UK and Europe, and helping them access new markets around the world. We pride ourselves on attention to detail, long-term relationships, and a deep understanding of the drinks trade, providing exceptional service, from vineyard to glass.

AVAILABLE FROM  
1<sup>ST</sup> NOVEMBER

It's probably not common knowledge, but Adnams has very long history with wine. We started our wine merchant business in 1874, just two years after the business was founded and we've been in love with wine ever since.

Our small but passionate team is based in Southwold, Suffolk. Our focus is on quality, ethically sourced, sustainable, unique, and interesting producers with stories to tell through their wines. We care about what's in the bottle and the wines we select take our customers on a journey from grape to glass.

# SPIRITS

ALL AVAILABLE AS SINGLE BOTTLE PICKS

At a time when world-class Whisky made in England was unthinkable, our father & son founders took a chance and kickstarted a category. From dream to dram, every aspect of The English is born of their vision. No investors, no interference. Just exceptional spirits made for sharing that keep getting better. When our founders built the distillery, they chose a spot directly above a source of sweet, mineral-rich water, the same water that's made our whisky every day since 2006. Without our corner of Norfolk, our whisky wouldn't be the same. Our roots are as deeply embedded in the Norfolk soil (right below the bedrock, in fact) as they can be, and we couldn't be prouder. The distillery has a unique place in history in being the first English Distillery to produce whisky in over 100 years.

# NORFOLK RUM

Norfolk Spirit is entirely produced in the UK using traditional methods. All of their rums are triple distilled in small batch copper alembics. The unique approach has produced a rum that never burns but creates a smooth feeling of warmth with every sip. Finally, a rum that can convert anyone that claims "I don't like rum".

**EIGHTY-SIX FRIENDS**  
PREMIUM SPIRITS

Based in Suffolk, Eighty-Six Friends is a local producer of award-winning rums. Our rums are distilled in the heart of Cambridgeshire, proudly using only natural flavours and juices across our range of premium spirits. Each of our spirits have been crafted to be enjoyed on their own, as well as mixed in a cocktail. Our Honey Spiced rum is made using local honey from Cambridgeshire and Suffolk. Best discovered, experienced and enjoyed with friends.

Alkemy is grown, fermented, distilled and aged in Suffolk. What makes Alkemy different is that instead of sugar cane, we use East-Anglian grown sugar beet. This results in a more refined and approachable spirit, which is then distilled with natural spices to create a versatile and enjoyable spiced gold spirit.

Using sugar beet as a base also means that it takes an average of 35 miles to travel from field to bottle, which results in significantly lower carbon emissions than traditional rum. This award winning spirit is smooth without being too sweet. Real distilled spices give exciting character and depth when enjoyed neat, or take cola and ginger beer to another level. It's everything a spiced rum should be.

Bullards: Anchored in Norwich Since 1837.

Bullards is a name rooted in Norwich's rich history with a legacy spanning six generations. Originally established as The Anchor Brewery, Bullards has evolved into an award-winning brand renowned for handcrafted gins, rum, and lager. Home to the World's Best London Dry Gin in 2017, Bullards combines tradition with innovation, offering sustainable solutions like eco-refill pouches to minimise waste. From our iconic 'Topsy Anchor' bottle design to our diverse range of premium drinks, Bullards is proud to craft exceptional products that honour heritage while embracing the future.

# St. Giles

MAKERS of FINE GIN

St. Giles Distillery is a proudly independent, Norfolk-based producer of high-quality spirits, and is home of an award-winning range of exceptional gins. Handcrafted in our custom-made copper still, each of our products boast their own unique, complex, and subtle character, yet are connected by a luxurious, velvety smoothness. St. Giles Distillery was founded in 2017 and have been richly awarded for their gins. They have received an exceptional 3 stars in the Great Taste Awards alongside numerous gold medals from industry heavyweights such as the World Gin Awards and the Spirits Business.

We make gin that incorporates some of the best ingredients Norfolk has to offer but that also reflects where it is made and the history of the farm building in which it is produced. For that reason we make all of our gins in small batches within our farm based distillery, located in our old dairy building. Every bottle of gin we create includes botanicals sourced on the farm (and hand picked by us) and our spirits are distilled in our custom built milk churn stills, each named after some of the cows originally milked there.

Norfolk Gin is, in style, a bathtub gin: smooth, aromatic and satisfying. It blends seamlessly into all classic cocktails. The primary botanical is, of course, Juniper, while others contribute aromatic depth with high, almost floral notes, beautifully balanced by fresh citrus. Additional botanicals are cultivated from the garden. Another unique ingredient is music; Jonathan infuses the gin with a variety of musical styles while the botanicals steep, convinced that this process enhances the spirit or essence of Norfolk Gin.

## NETHERGATE

Nethergate's spirit of innovation has led to an exciting range including rum, whisky, gin, seltzers, and low-alcohol options. With a "Traditionally Different" approach, every product carries the same dedication to quality and bold flavour. Their ambition has also driven the opening of shops and taprooms across East Anglia, where customers can experience their full spectrum of craft. Traditionally Different. Distinctly Nethergate.

# ADNAMs.

## SOUTHWOLD

From our Southwold home, Adnams has crafted exceptional beverages for nearly 150 years. As England's first brewery to build an on-site distillery in 2010, we produce award-winning spirits including "World's Best Gin" Copper House Dry Gin and "World's Best Vodka" Longshore Triple Malt Vodka. As an independent, family-owned business, we remain committed to innovation and sustainability while honouring our coastal heritage.

WEST ACRE BREWING NORFOLK

Duration is a modern farmhouse brewery in West Norfolk making beers that belong. We produce fresh beers and wild and blended farm-style ales with a sense of time and place to them. Our vision is to build a destination farmhouse brewery that is educational, pioneering and brings jobs and skills to the area. Surrounded by the creative solitude of nature, we make good beer, with good people, in a way that respects where we are.

Wildcraft Brewing are an independent craft brewery based in North Norfolk, who have a passion for great beer, sustainability, and foraging. We brew a range of beers from the more traditional Bitters & Stouts to the more contemporary Mango NEIPA and Black Forest Gateau Stout. Wildcraft forage for as many of our ingredients as possible, while supporting the local economy by buying local ingredients and giving back to the surrounding areas by planting hedgerows, working with local farmers, schools, and groups to educate on sustainability and brewing. We love supporting independent local pubs, bars, venues, and bottle shops in any way we can to ensure they thrive and are an important part of their community. Finally, we are as environmentally friendly as we can possibly be, with the smallest carbon footprint manageable.

Based in North Norfolk, Panther Brewery is an award-winning microbrewery. In 2009 the Reepham Brewery closed, and their beer stopped flowing. Come 2010, Panther Brewery took its place with a range of sleek, modern, full-flavoured real ales. The name of the brewery is a result of the inhabitants of Reepham claiming to have seen a large, panther-like cat, prowling the local countryside. Brewed using traditional techniques, our range of real ales ensures you have the right beer for every one of life's moments – always delicious, refreshing, and handcrafted with care.

CHEVALLIER  
BREWING CO.

The Chevallier Brewing Company is a small yet perfectly formed brewery based in Eye, Suffolk where we make award winning lagers, cask ales and nitro stout. Taking its name from the eponymous barley first grown by the current owners' x4 great grandfather, our mission is to make modern, essential beer styles that have complexity and yet are still crowd pleasers – satisfying and eminently sessionable.

All of our beers are brewed with the finest ingredients to gluten free and vegan recipes.

We pride ourselves in sourcing as many local ingredients as we can, most notably of course, the Chevallier Barley.

We were officially established in 1998 in the heart of the medieval Tindall Woods on the Norfolk/ Suffolk Border after a homebrewing project got out of hand. In 2018 after a ten-year break, the next generation took over the helm combining the traditional brewing skills and equipment with modern ideas and creativity. Our young team of ambitious brewers always aim for consistency in making great beer. We pride ourselves in being unorthodox and original with strict quality control to ensure every beer is flavourful and highly drinkable, helped by Belgian cleanliness and attention to detail, learnt whilst brewing alongside Belgians, and using a great influence from European brewing. Being a small Brewery allows us to connect with our customers on a much more personal basis, and helps us to support them in any way we can to see them succeed with their own goals.

Founded by two friends to satisfy their love of craft beers, we started our journey in a tiny old piggery conversion in Manningtree in 2019 in one of the founder's back gardens. For over a year we were predominantly a cask beer producer. This reaffirmed our love for Pale Ale and resulted in the birth of College Hop-Out, our first cask Pale Ale, which then led us to release our range of craft cans.

At Barsham Brewery we've been brewing craft beers and ales on our West Barsham Estate in North Norfolk since 2012. Our barley is malted down the road at Crisp Malting, then returned to the Estate where we begin the process of brewing in our state-of-the-art brewery. The malt is blended with beautifully pure water from our own bore hole and hop varieties from around the world to brew our collection of craft beers. From field to glass, we celebrate the art of sustainable agriculture, emphasising a true farm-to-table ethos that encapsulates the essence of Norfolk's agricultural heritage. We are 'Norfolk born and brewed' in the very truest sense.

We are a Suffolk based brewery focused on producing fresh, unfiltered and flavourful beers of the highest quality available in keg, can and cask. We started the brewery in 2017 and quickly grew a reputation for producing easy drinking pales and IPAs. In the years that followed, we picked up best new brewery in England at the RateBeer awards and went on to pour our beers around the world, learning, collaborating and making friends across the industry.

## NETHERGATE

Founded by best mates Ian Hornsey and Dick Burge in 1986, Nethergate Brewery began in a small Suffolk town with big dreams and a passion for brewing remarkable beer. More than three decades later, that same passion drives Nethergate forward, now led by creative Head Brewer Ian Carson. Starting his brewing journey at just 17, Ian has nearly two decades of experience, earning a reputation for crafting beers across diverse styles—from classic porters to inventive IPAs and the boundary-pushing White Stout released in 2024. At Nethergate, quality and consistency are key, but Ian and his team's creativity is what sets them apart. Their endless pursuit of flavour, innovation, and refinement ensures that every pint reflects bold craftsmanship and character. Looking to the future, plans for a bigger, better-equipped brewery will allow them to push boundaries even further.

# HUMBER DOUCY BREWING Co.

Humber Doucy Brewing Company is a family-owned brewery based in deepest, darkest Suffolk, founded by a father & son duo, a maltster and a brewer, who focus on making fresh, vegan-friendly beers. Their love of Suffolk is reflected in the inspiration for the beer's names and the name of the brewery itself. Taken from a street in Ipswich, the Humber Doucy name reflects the nature of the beers: meandering, relaxing, and just a little bit shady.

**BEER SO GOOD...  
YOU WON'T MISS  
THE ALCOHOL™**

Rob and Dave grew up on different continents, but we always stayed connected through our love of craft beer. As life evolved and families grew, we found ourselves seeking healthier and more sustainable options.

But, after trying over 100 AF beers from around the world, none really hit the mark for us.

So we decided to brew AF beers that we actually wanted to drink. And that's how Below Brew Co was born. We're a true alcohol-free craft brewery. First and foremost, we pride ourselves on making exceptional beers - beautifully crafted, bold, and packed with flavour. They just happen to be alcohol-free. From unique styles to eye-catching can art, we create larger format cans designed to appeal to a wide audience of craft beer lovers, whether you're cutting back or just curious about AF.

# LUCKY SAINT

ALCOHOL FREE SUPERIOR UNFILTERED LAGER

Before Lucky Saint, founder Luke Boase felt the proposition of an alcohol-free beer was compelling, but the reality was disappointing. He couldn't find an alcohol-free beer that he enjoyed drinking or a brand that made him feel good about choosing to drink a no/low option. So he decided to create his own. Lucky Saint is a 0.5% Superior Unfiltered Lager made with just four natural ingredients - Pilsner Malt, Hallertau Hops, Bavarian Spring Water and single-use yeast. We leave our beer unfiltered for maximum flavour, without the alcohol. 53 calories per bottle and vegan.

CIDER

Cranes Cider was founded by twin brothers Ben and Dan Ritsema, who, during their university days, were shocked to discover the high sugar content in popular fruit ciders. Determined to make a difference, they set out to challenge the status quo. With a passion for quality and a commitment to natural ingredients, they launched Cranes, a range of refreshingly natural ciders using only real fruit. Born from a simple idea and a commitment to quality, Cranes Cider is a refreshing choice for those who care about what they drink.

## NORFOLK 'RAIDER' CIDER

The Norfolk Raiders family recipe was created around 40 years ago. Owner Paul then began to recreate the cider, before offering it to his neighbours and friends, who enjoyed it very much. Paul remembered a story about some airmen who would come down to the local pub to have their final drinks before going on bombing raids the next day and the locals referred to these men as 'The Norfolk Raiders'. Paul wanted to tie his cider to a piece of history and this noble story was exactly what he was looking for. Thus, Norfolk 'Raider' Cider was born.

We have been pioneering a better class of cyder since 1728, designed to be enjoyed in those finer moments. Characterised by a range of cyders to suit all occasions, from light and crisp varieties, to rich and full-bodied. Aspall Cyders are made from a careful blend of apples to create a truly unique drink. Aspall, lighter taste, finer sparkle.

## OTHER DRINKS

**GOOD KARMA TASTES GREAT**

Drinking Karma gives back to our growers and the land our ingredients are grown.

Other Drinks. 31

At Karma Drinks, we believe that something as frivolous as a fizzy drink can be a force for good. We believe that what you drink should not only taste good, but be good to the planet, good for the people who grow our ingredients and good for you. To hold us accountable to our mission to be the world's most ethical soft drink, we established The Karma Foundation. 1% of revenue from every Karma Drink goes to our Cola nut growers and their communities in Sierra Leone. The Foundation guarantees the funds raised help drive economic and social independence, which is how we live up to our name on the label. Call it Karma.

Scooby's was created by two old friends, Sam Hemingway and Alex Northcote, who reconnected during the Covid-19 lockdown over a shared passion for fermented drinks. With the help of John Ridealgh from Humber Doucy Brewing Company, in 2023 they launched their own brand – Scooby's Ferments. It all starts with a SCOBY – a Symbiotic Culture of Bacteria and Yeast. Our starter culture is fermented for six weeks to ensure our SCOBY is full of those gut-boosting bacteria and yeasts before combining our natural flavours. Scooby's Kombucha provides a healthy and accessible alternative for those looking to avoid booze and sugary soft drinks.

**TURNER  
HARDY**  
& Co  
A COLOURFUL COLLABORATION.

Turner Hardy & Co is a British company known for producing premium tomato juices made from hand-picked, vine-ripened tomatoes grown on the Isle of Wight. The brand was founded by childhood friends Ed Turner and Hugo Hardman, who share a passion for Hampshire, local produce, and crafting high-quality juice recipes, particularly for Bloody Mary cocktails. Their tomato juices are celebrated for being high in lycopene and low in salt and sugar, appealing to health-conscious consumers and cocktail enthusiasts alike. Turner Hardy & Co positions itself as a purveyor of fine British tomato juice, emphasizing both the quality of its ingredients and its roots in local, sustainable agriculture.

# MOCKTAILS®

## UNIQUELY CRAFTED

NITRO Mocktails is redefining the non-alcoholic experience—one smooth, flavour-forward sip at a time. We are the only NITRO-activated, non-carbonated RTD mocktail on the market. Unlike fizzy, seltzer-based competitors, our drinks are designed flavour first—crafted to deliver award-winning taste and true-to-cocktail profiles without the bloat or burn. Our signature nitrogen widget acts like a mixologist in a can, releasing a silky cascade when cracked open. The result? A bar-quality mocktail that you can enjoy straight from the can, poured over ice, or shaken into your own unique creation. Whether you're sipping solo, serving guests, or skipping the alcohol—not the flavour—NITRO Mocktails delivers a sensorial experience that's anything but ordinary. Flavour first. Carbonation-free. Cocktail-inspired. Award-winning. That's the NITRO difference.

"From blossom to bottle", Stoke Farm Orchards are passionate about the orchards. They diversified into juice production in 1995 to safeguard the future of the orchards as the increase in imports threatened the UK industry.

Being chosen as a "Locally Sourced" supplier has boosted our business but our ethos remains unchanged; to produce the finest quality juices. Currently, Stoke Farm Orchards is in the process of transitioning to organic status under Organic Farmers & Growers.

# Oiechi

Three sisters Khalila, Shifa and Thorayya Mears. After decades living apart in different countries, when fate conspired to bring us together again in Norfolk, we were inspired to collaborate and create our own female centred business. As a family of health and food enthusiasts, who were brought up with kombucha as a health tonic, we felt there was space to reinvent it as a flavourful adult drink. We were drawn to kombucha for its wonderful flavour profile as well as its spectacular health benefits. With time and dedication we have developed a truly exceptional beverage for your enjoyment!

FRESH

We are an innovative third generation family farm, aiming to set the standard for dairy sustainability. In a few short years, Fen Farm products have taken the UK food scene by storm. Our Baron Bigod cheese has become a beloved menu staple of top chefs and is known to frequently grace the tables of Royalty. Our happy herd of Montbeliarde cows graze the fertile marshland of the Waveney River Valley and we are making their nourishing milk into the finest dairy products. We are excited to introduce you to our wares!

Lane Farm Country Foods Ltd, also known as Suffolk Salami, is run by husband-and-wife team, Ian and Sue Whitehead together with their daughters Rebecca and Sarah. A real family farming affair. Now in its fourth decade, the business continues to rear their own welfare-friendly pork which they still use in their Ham, Bacon and Charcuterie today.

Since 2021, Dan and Ruth have created handmade, small-batch ferments that are packed with flavour and made to be enjoyed every day. Our focus is simple - bold, balanced, and versatile products that go with everything. Whether it's our kimchi or sauerkraut, each jar is crafted with care to bring out the best in every bite.

We believe fermented foods shouldn't be just an occasional treat—they should be a delicious, everyday essential. That's why we prioritize depth of flavour, natural fermentation, and quality ingredients, ensuring every spoonful is as satisfying as it is nourishing.

Join us on our mission to make fermented foods a staple on every table!

Ambry

Ambry produce sustainable and free range turkey bacon on a turkey farm in rural Norfolk. Their Bacon is a delicious alternative to pork, as it's cured with sea salt, black pepper and dark muscovado sugar and then gently smoked with beech chips. It's naturally low fat, high protein and contains only 33 calories per rasher. Ambry also pride themselves on being a sustainable product - their packaging is designed with reduced plastic and recyclable card!

The Fairs family have farmed in Suffolk since 1967. In 2004 they became the first farm in the UK to grow, press and bottle their own cold pressed rapeseed oil. People are now hooked on its nutty flavour, versatility in the kitchen as well as its nutritional benefits. Hillfarm Oil was launched at the 2004 Suffolk Show, with every bottle lovingly hand-filled and sealed by Sam and Clare. Children Lottie and Harry soon became familiar faces at the shows and events they attended to demonstrate their new oil's culinary versatility.

A few years ago, Alison took a load of naughty biscuits to a friend's hen do. It was just a cheeky little extra to the life drawing/afternoon tea session they had planned, and it went down a treat! From here spawned Risky Biscuits. Alongside the 'Risky' Biscuits sits Risky Biscuits Kids, friendly and delicious ranges of biscuits for all to enjoy.

We produce cold pressed rapeseed oil made in small batches on our family farm in Norfolk. Our oil is produced by harvesting our farm grown rapeseed, we press it without heat to retain its nutritional benefits and filter it twice, which creates a pure and wholesome oil that is bottled here on our farm. We began producing in 2010 and over the years have developed a unique range of oils, dressings, oil infusions, gift products and lip balms that are loved by customers across the country. As well as retail products, we also offer our oils, dressings, and infusions in recyclable 5L containers for catering.

We are a small, family run business based near the coast in Suffolk. We have the passion and ability to create amazing flavours together with an instinctive way of combining ingredients. We produce everything from subtle spice mixes that delicately flavour our beautiful olives to chilli jams that are bursting with fresh flavours of habaneros and truly hot.

## R.BAINBRIDGE

DINE AT HOME

PROVISIONS

From Richard Bainbridge, Chef Owner of the award winning restaurant Benedicts in Norwich, BBC Saturday Kitchen Live regular and winner of BBC Great British Menu, comes an array of refined store cupboard essentials for your pantry.

Our products are made using the finest ingredients and are packed with flavour to elevate and enhance your dishes. Everything is made by hand in our kitchens in Norwich, in small batches with patience and care. Many of our products are accredited with Great Taste Awards and our Strawberry & Rose and Raspberry & Bergamot Preserves have been hand selected by Tom Kerridge and served at every breakfast table in his flagship Michelin starred restaurant, The Hand and Flowers, Marlow.

Our vinegars are the splash of 'extra' everyone can add to the ordinary. Whether in the Aspall Vinegar Barn or with our partners in Spain and Italy, our signature flavour, process and experience is squeezed into every drop. All so that our vinegars bring out the best in even the simplest dishes and drinks.

Frozen . 51

Eric's Pizza is an award-winning artisan pizzeria led by Executive chef owner Eric Snaith and head chef Fred Bambridge.

Eric's Pizza specialises in hand stretched Neapolitan pizza made fresh on site. Dough is made to a traditional recipe, using 00 flour and fermented slowly. It uses organic, non-pesticide local wheat/pulse blend of flour to slightly elevate the protein levels. The fermentation process takes 48 hours because it is cooled, or what is known as 'retarded', before it is brought slowly back to 21°C, ready for hand stretching.

These are classic Italian pizzas combining ingredients from local suppliers and the finest Italian produce. Baked in a traditional wood-fired pizza oven before freezing, Eric's Pizza at Home provides a rustic, authentic and artisan pizza product for enjoyment at home.

From Richard Bainbridge, Chef Owner of the award winning restaurant Benedicts in Norwich, BBC Saturday Kitchen Live regular and winner of BBC Great British Menu, comes an array of refined store cupboard essentials for your freezer.

Our products are made using the finest ingredients and are packed with flavour to elevate and enhance your dishes. Everything is made by hand in our kitchens in Norwich, in small batches with patience and care.
